

Dollar General Announces Availability of CBD Products in Select States

Goodlettsville, Tennessee – **December 10, 2019** – Today, Dollar General announced the availability of approximately 20 CBD product SKUs in approximately 1,100 stores in Tennessee and Kentucky. The Company also plans to expand the products' availability to seven more states (Colorado, Florida, Indiana, Oregon, South Carolina, Texas and Vermont) by spring 2020.

Dollar General's CBD assortment is limited to topical cosmetic products including creams, ointments, bath bombs, bath salts and face masks. The Company does not have current plans to provide ingestible or edible CBD merchandise.

"At Dollar General, the customer is at the center of all we do, and the addition of CBD items is an extension of our ongoing commitment to provide customers with a curated and affordable assortment of the products they seek," said Jason Reiser, Dollar General's executive vice president and chief merchandising officer. "As with many of the products we carry in our stores, our decision to offer CBD products is based on customer interests or demands."
