

Spring and Summer Home Décor Refresh

Spring and summer can be the perfect time of year to revamp your home decor. Dressing up your space can be both fun and affordable. Simple measures like changing out the curtains, swapping pillow covers, rearranging your coffee table and adding a few accent pieces can make noticeable improvements to your home. Here are a few ways to get started:

Add Green

While you may consider planters an outdoor décor item, they are also a great way to bring color and life indoors! Add greenery to your space with a planter that works seamlessly indoors and outdoors like this TrueLiving® Square Metal Planter. Consider adding planters of varying heights as they may allow for the opportunity to create dimension and possibly save on space.

If in Doubt, Switch it Out

One of the easiest ways to update a space is to switch out pieces like pillows, curtains and photos. Rather than purchasing new pillows, consider simply replacing the pillow cover instead. Find affordable curtains at your local Dollar General where there are a wide variety of colors and fabrics to choose from. This Comfort Bay® Domino Window Panel in ivory can be a great option to brighten up any space. Plus, it helps to maintain your home's temperature and blocks out most light. Photos can also be a small, yet positive change for your home when revamping. Print off new family photos and place them in existing frames. Find budget-friendly photo frames like this matte black photo frame to upgrade your frames as well.

Kitchen Upgrades

Update your kitchen décor with dinnerware and glassware starting at \$1 from Dollar General. Brighten your kitchen and dining room with fresh spring prints in table runners, placemats, hand towels and more. Consider adding a simple glass bowl to any dining room table centerpiece and filling it with season fruit that adds a pop of color like oranges, lemons and limes.

The Major Essentials

Make major upgrades for less with essentials like accent lamps and rugs from Dollar General. This gold TrueLiving® Fairy light can be the perfect accent piece for a side table. For a simple solution, discover new lampshades for already existing bases as they provide minor, yet noticeable differences in décor. Upgrade your space with rugs that feature modern patterns like this Comfort Bay® Accent Rug. Brightly colored rugs may be a go-to option for spring and summer.
