M&M'S®

By late April, M&M'S is introducing a new flavor exclusively for Dollar General customers to enjoy the iconic taste of summer. The new M&M'S Orange Vanilla Cream candies are made with white chocolate featuring hints of orange and vanilla wrapped in the brand's signature colorful shell, offering fans a bit of nostalgia with every bite.

M&M'S Orange Vanilla Cream candies are available in 8.0 oz. bags for 2/\$6.00 (must buy 2) or \$3.25 for 1 at Dollar General stores nationwide starting the week of April 30, 2018, but only while supplies last!

To make this news sweeter, M&M'S® is generously donating \$1 to the Dollar General Literacy Foundation for every purchased bag of M&M'S Orange Vanilla Cream candies. Since its inception in 1993, the Dollar General Literacy Foundation has awarded more than \$146 million in grants to nonprofit organizations, helping more than nine million individuals take their first steps toward literacy or continued education.
